ANNEXURE 'IV' TO THE DIRECTOR'S REPORT

1. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

We the Board of Directors, present its analysis covering performance of the Company for the year 2024 - 2025 and the business outlook for the future. The business outlook performance is based on the current business environment and do not include any economic variation.

i. Industry structure and developments

India's real estate market in 2024-25 was characterized by strong sales growth, surge in new project launches, and robust price growth across both residential and office segments, supported by strong economic fundamentals, shifting consumer preferences, and the agility demonstrated by developers in responding to evolving market demands.

India's real estate market continued to demonstrate resilience and growth, solidifying its position as a key pillar of the economy. Amidst global uncertainties, the sector's adaptability has enabled it to achieve new milestones, with both office and residential markets demonstrating robust performance.

The commercial real estate market is linked to the economic development of the nation. With the Indian economy being one of the fastest growing large economies in the world, we expect demand for commercial real estate to remain buoyant.

During the year property market started rising after 10 years of stagnancy and the effect of Covid. The market trends will further be determined by various domestic and international factors like global market movements, global government actions /policies ,visible improvement in corporate earnings of domestic firms, etc.

We face certain risks and challenges of both internal and external relevance. These have the potential to adversely impact our business, performance and financial conditions.

ii. Opportunities and Threats

While the industry outlook remains optimistic, several challenges persist. Regulatory delays, policy uncertainties, and inflationary trends in construction materials continue to exert pressure on project costs and timelines. Prolonged approval processes and evolving compliance requirements can further impact operational efficiency. Interest rate fluctuations and tighter monetary policies ,global market movements, global government actions /policies ,visible improvement in corporate earnings of domestic firms, etc. also have the potential to affect the demand and supply of commercial spaces, thereby posing risks to sustained sectoral momentum.

Indian real estate sector is one of the biggest and globally recognized sectors with attached threats of Regulatory hurdles ,monetary tightening and funding issues shortage of Labour and Technology which is faced by the industry in general

iii. Segment -wise or product -wise performance

During the financial year ended March 31, 2025 the Company operated only in one segment of business viz, real estate and other related services.

iv. Outlook

As economic activities regain there's a concurrent rise in demand for office spaces. The supportive measures introduced by the Central Government in the budget are expected to provide an additional boost to the sector's growth

The company is confident that with the economic and sector specific reforms introduced by the government in the recent past, the outlook for long-term demand for the real estate sector in India is stable and positive. The emergence of Tier-II and Tier-III cities, urbanization, large scale employment opportunities in Tier-II cities and larger numbers of nuclear families will contribute to a substantial increase in demand for real estate and corporate space in the future.

As such company is having good understanding with existent clients. Hence the board do not foresee big impact on its earnings.

v. Risks And Concerns

Our risk assessment focuses on short-term risks and emerging risks in the risk areas such as strategic, operational, financial, legal and compliance.

Our business and profitability are dependent on the performance of the commercial real estate market in India as well as the general economic, demographic and political conditions. Fluctuations in the general economic, market and other conditions may affect the commercial real estate market in India and in turn, our ability to lease office parks to tenants on favorable terms. The commercial real estate market in India may particularly be dependent on market prices for developable land and the demand for leasing of finished offices, both of which will continue to have a significant impact on our business, results of operations and financial condition.

There are multiple type of risks such as Global Economic Slowdown Risk, Inflation Risk, Interest Rate Risk ,financial risk, competitive risks, borrowing risks, legal risks, environmental risks, liquidity risks, , political risks ,economic risks , etc . The board is able to form strategy for operational , financial and legal risk on short term basis .However, it is not possible for the Company to adequately respond to all the risks which are external that it may face and there can be no complete assurance provided in as far as external risks like change in law , competition , labour , political risks ,economic risks ,etc.

vi. Internal control systems and their adequacy

The Company has a proper and adequate system of internal controls commensurate with the size of the Company and the nature of its business to ensure that all the assets are safeguarded and protected against loss from unauthorized use or disposition and those transactions are authorized, recorded and reported correctly and adequately.

The system has been designed to ensure that financial and other records are reliable for preparing financial information and for maintaining accountability of assets.

A report issued by the Statutory Auditors, M/s. N.Singhal & Co, Chartered Accountants on the Internal Financial Controls forms a part of the Annual Report.

vii. Discussion on financial performance with respect to operational performance

The company had a profit of profit of Rs.162.90 lacs as compared to the previous year of Rs. 153.38 lacs. Your Directors are hopeful that the Company's performance subject to various other prevailing market/ industrial/ economic / legal conditions as may be applicable to the company.

viii. Material developments in Human Resources / Industrial Relations front, including number of people employed. :

The company maintained its commitment to employee well-being by strengthening health and safety protocols. We ensured compliance with all statutory requirements and implemented proactive measures for a safe and supportive work environment.

There is no material development in human resources and industrial relations remained cordial.

The total employees as at the year end were 24 and the employer-employee relations have been cordial throughout the year.

INDEPENDENT AUDITOR'S REPORT

To the Members of GothiPlascon (India) Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying financial statements of GothiPlascon (India) Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss, Statement of Cash Flows and Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profits and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143 (10) of the Act (SAs). Our responsibilities under those SAs are further described in the Auditor's responsibilities for the Audit of the Financial Results section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial results under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

Key Audit Matters are those matters that, in our professional judgments, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the contexts of our audit of the financial statements as a whole, and in forming our opinion there on, and we do not provide a separate opinion on these matters. We have nothing to report in this regard.

Information other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report including Annexures to the Director's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone Financial Results

The Company's Board of Directors is responsible for the matters stated in sec 134 (5) of the act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the company in accordance with the IND AS and other Accounting Principles generally accepted in India. This responsibility also includes Maintenance of adequate

accounting records in accordance with the provisions of the act for safeguarding the asset of the company and for preventing and detecting frauds and other irregularities; Selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement whether due to fraud or error.

In preparing the financial statement, the management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or as no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

Auditor's responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced.

We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid financial statements.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

(c) The balance sheet, the statement of profit and loss, the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the financial statements.

(d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the board of directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us;

i. The Company does not have any pending litigations which would impact its financial position;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company

iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other persons or entities, including foreign entities 'Intermediaries', with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any persons or entities, including foreign entities 'Funding Parties', with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on audit procedures carried out by us, that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us believe that the representations under sub-clause (i) and (ii) of Rule 11(e) of the Act, 2014 contain any material misstatement.

v. In our opinion and according to the information and explanations given to us, the dividend declared or paid during the year by the company is in compliance with section 123 of the Companies Act, 2013.

vi. The company has maintained its books of accounts manually, Hence reporting requirements as prescribed under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 are not applicable to the Company.

Annexure "B" to the

Independent Auditor's Report

(Referred to in paragraph 2(f) under 'Report on other legal and regulatory requirements' of our report to the Members of GothiPlascon (India) Limited of even date)

Report on the internal financial controls over financial reporting under clause (i) of sub - section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of GothiPlascon (India) Limited ("the Company") as at March 31, 2025, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The board of directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 2 : Basis of preparation of financial statements

I. Statement of compliance and basis of preparation

These financial statements are prepared in accordance with Indian Accounting Standards (“Ind AS”), the provisions of the Companies Act, 2013 (“the Companies Act”), as applicable and guidelines issued by the Securities and Exchange Board of India (“SEBI”). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016

Accounting policies have been applied consistently to all periods presented in these financial statements.

All amounts included in the financial statements are reported in actual denominations of Indian rupees except share and per share data, unless otherwise stated. Due to rounding off, the numbers presented throughout the document may not add up precisely to the totals and percentages may not precisely reflect the absolute figures. Previous year figures have been regrouped/re-arranged, wherever necessary.

II. Basis of measurement

These financial statements have been prepared on a historical cost convention and on an accrual basis.

III. Use of estimates and judgment

The preparation of the financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are included in the following notes:

a. Revenue Recognition

Revenue has been measured based on fair value of the consideration received/receivable.

b. Income Tax

The major tax jurisdiction for the Company is in India. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods. Income Taxes have been calculated based on The Income Tax Act, 1961 read with Rules thereunder.

c. Deferred Tax

Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carryforwards become deductible. The Company considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realisable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced.

d. Useful lives of property, plant and equipment

The Company depreciates property, plant and equipment on a straight-line basis over estimated useful lives of the assets. The charge in respect of periodic depreciation is derived based on an estimate of an asset's expected useful life and the expected residual value at the end of its life. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The estimated useful life is reviewed at least annually.

IV. Current and Non Current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act.

Note 3 : Significant accounting policies

i. Functional and presentation currency

These financial statements are presented in Indian rupees, which is the functional currency of the Company.

ii. Cash and cash equivalents

The Company's cash and cash equivalents consist of cash on hand and in banks, which can be withdrawn at any time, without prior notice or penalty on the principal.

iii. Equity

a. Share capital and share premium

The authorised share capital of the Company as of March 31, 2025 is Rs.11,00,00,000 divided into 1,10,00,000 equity shares with voting rights of Rs.10 each.

Every holder of the equity shares, as reflected in the records of the Company as of the date of the shareholder meeting shall have one vote in respect of each share held for all matters submitted to vote in the shareholder meeting.

b. Retained Earnings

Retained earnings represent the surplus/(deficit) of the statement of profit or loss. The amount that can be distributed by the company to its equity shareholder is determined based on the financial statements of the company and also considering the requirement of Companies Act, 2013.

c. Details of dividend paid/proposed

A dividend of Rs.2 per share has been recommended on equity shares for the year ended March, 2025 and same has been paid during the year.

V. Property, Plant and Equipment

a. Recognition and measurement

Gothi Plascon (India) Limited

CIN: L45400PY1994PLC008380

Regd Office: 17/5B,1A ,Vazhudavur Road, Kurumbapet , Puducherry - 605009.

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Cost includes expenditures directly attributable to the acquisition of the asset. General and specific borrowing costs directly attributable to the construction of a qualifying asset are capitalised as part of the cost. The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

b. Depreciation

The Company depreciates property, plant and equipment over the estimated useful life on a straight-line basis from the date the assets are available for use. The Management estimate of useful live in accordance with schedule II to the Companies Act,2013.

The estimated useful lives of assets are as follows:

Category	Useful Lives
Computer equipment	3 Years
Electrical Installations	10 Years
Motor Car	10 Years
Office Equipment	5 Years
Solar Plant	15 Year
Buildings	30 Years

VI. Non Current Advances

The Company measures advance received as deposits against property rented at their actual amounts.

VII. Other Income

Other Income comprises of interest income on fdr and interest on income tax refund, which is measured through fair value measurement using accrual basis of accounting.

VIII. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefit will flow to the company and the revenue can be reliably measured. The Following specific recognition criteria must also be met before revenue is recognized.

Sale of Goods

Revenue from sale of goods is recognised on transfer of all significant risks and reward of ownership to the Buyer. The amount recognised as sale is exclusive of sales tax/vat and are net of Returns

Sales of Service:

Revenue from rented properties is is recognised over time on satisfying performance obligation as per agreement, that is ,by reference to the period in which service are being rendred.

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

IX. Taxes

a. Income Tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted as at the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognised amounts and where it intends either to settle on a net basis, or to realise the asset and liability simultaneously.

CIN: L45400PY1994PLC008380

Regd Office: 17/5B,1A ,Vazhudavur Road, Kurumbapet , Puducherry - 605009.

b. Deferred tax

Deferred Tax Assets/Liability arising from unabsorbed depreciation or carry forward losses are recognized only if there is virtual certainty of realization of such amounts. Other deferred tax assets are recognized only to the extent there is reasonable certainty of realization in future. Deferred tax Assets/Liability are reviewed at each Balance Sheet date to reassess their reliability.

X. Earnings per share

Basic earnings per share is computed using the number of equity shares outstanding during the period adjusted for treasury shares held. Diluted earnings per share is computed using the weighted-average number of equity and dilutive equivalent shares outstanding during the period, using the treasury stock method for options and warrants, except where the results would be anti-dilutive.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any splits and bonus shares issues including for change effected prior to the approval of the financial statements by the Board of Directors.

XI. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash from operating, investing and financing activities of the Company are segregated.

XII. Investments and other financial assets:

Initial recognition

In the case of financial assets, not recorded at fair value through profit or loss (FVPL), financial assets are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories

(a) Financial Assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Interest income from these financial assets is included in finance income using the effective interest rate ("EIR") method. Impairment gains or losses arising on these assets are recognised in the Statement of Profit and Loss.

(b) Financial Assets measured at fair value

Financial assets are measured at fair value through other comprehensive income (FVOCI) if these financial assets are held within a business model with an objective to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures.

Gothi Plascon (India) Limited

CIN: L45400PY1994PLC008380

Regd Office: 17/5B,1A ,Vazhudavur Road, Kurumbapet , Puducherry - 605009.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Company to changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL impairment loss allowance (or reversal) recognised during the period is recorded as expense/ income in the Statement of Profit and Loss.

De-recognition of Financial Assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Equity investments

All equity investments in the scope of Ind AS 109, Financial Instruments, are measured at fair value. For equity instruments, the Company may make an irrevocable election to present the subsequent fair value changes in Other Comprehensive Income (OCI). The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. There is no recycling of the amounts from OCI to profit or loss, even on sale of investment. Equity instruments included within the FVTPL (fair value through profit and loss) category are measured at fair value with all changes in fair value recognized in the profit or loss.

XIII. Financial Liabilities

Initial Recognition

Financial liabilities are classified, at initial recognition, as financial liabilities at FVPL, loans and borrowings and payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

Financial liabilities at FVPL

Financial liabilities at FVPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Financial liabilities at amortised cost

Gothi Plascon (India) Limited

CIN: L45400PY1994PLC008380

Regd Office: 17/5B,1A ,Vazhudavur Road, Kurumbapet , Puducherry - 605009.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the Statement of Profit and Loss.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Where the terms of a financial liability is re-negotiated and the Company issues equity instruments to a creditor to extinguish all or part of the liability (debt for equity swap), a gain or loss is recognised in the Statement of Profit and Loss; measured as a difference between the carrying amount of the financial liability and the fair value of equity instrument issued.

De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Fair value measurement

The Company measures financial assets and financial liability at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:-

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities-

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable-

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Valuation team determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement

XIV. Impairment of non-financial assets

Assessment is done at each Balance Sheet date to evaluate whether there is any indication that a non-financial asset may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to their recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

XV. Provisions, Contingent Liabilities and Contingent Assets:

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Group or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.

A contingent asset is disclosed, where an inflow of economic benefits is probable. An entity shall not recognize contingent asset unless the recovery is virtually certain.

XVI. Borrowing costs

General and specific borrowing costs directly attributable to the acquisition/ construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in Statement of Profit and Loss in the period in which they are incurred.

XVII. Employee benefits

a) Defined contribution plan

The Company's contribution to Provident Fund and Employees State Insurance Scheme is determined based on a fixed percentage of the eligible employees' salary and charged to the Statement of Profit and Loss on accrual basis. The Company has categorised its Provident Fund, labour welfare fund and the Employees State Insurance Scheme as a defined contribution plan since it has no further obligations beyond these contributions.

b) Defined benefits plan

The Company's liability towards gratuity, being a defined benefit plan are accounted for on the basis of an independent 'actuarial valuation based on Projected Unit Credit Method.

Service cost and the net interest cost is included in employee benefit expense in the Statement of Profit and Loss. Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised immediately in 'other comprehensive income' as income or expense.

c) Compensated absences

Gothi Plascon (India) Limited

CIN: L45400PY1994PLC008380

Regd Office: 17/5B,1A ,Vazhudavur Road, Kurumbapet , Puducherry - 605009.

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end. The Company's liability is actuarially determined (using the Projected Unit Credit method)

XVIII. Significant management judgements in applying accounting policies and estimation uncertainty

When preparing the financial statements, management makes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating unit based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

Depreciation and useful lives of property, plant and equipment

Property, plant and equipment are depreciated over the estimated useful lives of the assets, after taking into account their estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values are based on the Company's historical experience with similar assets and take into account anticipated technological changes. The depreciation for future periods is adjusted if there are significant changes from previous estimates.

Recoverability of trade receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurement

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

XIX. Foreign Currency transaction

Transactions denominated in foreign currency are recorded at exchange rate prevailing on the date of the:

I.) Transactions or that approximates the actual rate at the date of transaction.

II.) Non- Monetary foreign currency items are carried at cost.

III.) Any income or expenses on account of exchange difference either on settlement or on translation is recognised in the statement of profit and loss account

XX. Lease

On March 30,2019,Ministry of Corporate Affairs has notified Ind AS 116,Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretations. The standard set out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently operating lease expenses are charged to the statement of Profit & Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The effective date for adoption of Ind 116 is annual periods beginning on or after April 1, 2019. The standard permits two possible methods of transition :

1. Full retrospective - Retrospectively to each prior period presented applying Ind AS 8 Accounting policies, changes in accounting estimates and errors.

2.Modified retrospective - Retrospectively, with the cumulative effect of initially applying the standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as : Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application.

As a Lessor: Lease income from operating lease ,where the company is a lessor is recognised on a straight line basis over the lease term unless the receipts are structured to increase in the line with general inflation to compensate for the expected inflation.

XXI. Inventories

Inventories are valued at lower of cost and net realizable value. Net Realizable value represents estimated selling price for inventories less all estimated cost of completion and cost necessary to make sale.

General Note

1.Previous years figures has been reclassified in conformity with Current Year's Classification.
